3 Decide whether each angle is acute or obtuse.
Then measure the size of each angle.

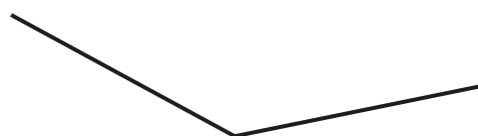

a) 
_____ °

d) 
_____ °

b) 
_____ °

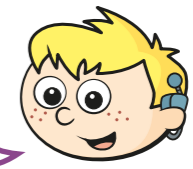

e) 
_____ °

c) 
_____ °

f) 
_____ °

4 Max is measuring the size of this angle.

The angle measures 145 degrees. 

- a) What mistake has Max made? _____ °
b) What is the size of the angle? °

5 Look at the diagram.

- a) Label the smallest angle on the diagram.
What does the angle measure? °
b) Mark an angle between 70° and 90° on the diagram.
What does the angle measure? °
c) Measure and label three more angles on the diagram.
