

Y5 – Summer – Block 1 – Step 3 – Estimate angles Answers

Question	Answer
1	<p>a) 60° 120°</p> <p>b) 85° 105°</p> <p>c) 100° 170°</p> <p>d) 160° 200°</p> <p>Compare each angle to a right angle or a straight line.</p>
2	<p>a) 55° 35°</p> <p>b) 49° 38°</p> <p>c) 20° 40°</p> <p>d) 70° 56°</p>
3	<p>a) 45° b) 60° c) 30° d) 85°</p> <p>Children may have slightly different answers, as they are estimating.</p>
4	<p>110°</p> <p>Children may have slightly different answers, as they are estimating.</p>
5	<p>a) 135° b) 120° c) 100° d) 160°</p> <p>Children may have slightly different answers, as they are estimating.</p>
6	<p>$a = 90^\circ$ $b = 100^\circ$ $c = 60^\circ$ $d = 120^\circ$ $e = 170^\circ$</p> <p>Children may have slightly different answers, as they are estimating.</p>
