

Beit Shvidler Primary School – Geography skills progression document Year 1

What are the aims and intentions of this curriculum? Year 1

That children: Children understand what the weather is like and they can describe the weather

Our Local Area = Children understand the local area and how it has changed

Marvellous mapping = Children understand their location and the location of cities, countries, continents and oceans.

The natural environment = Children understand what materials are natural and man- made and which resources are running out. How can we deal with diminishing resources?
