2	a) Saturday
	b) Monday and Friday
	c) 10
	d) 10
	e) No
	   19 symbols for Monday to Friday, 17 symbols for Saturday and Sunday
	   95 ice creams sold Monday to Friday, 85 ice creams sold Saturday to Sunday

3	a) 10
	b) 9
	c) 36
	d) 4
	e) No
	   6 symbols for blue and yellow in total, 7 symbols for white
	   12 cars for blue and yellow in total, 14 cars for white
	f) Child's question about the pictogram, together with the answer

4	a) No
	   They have the same number of symbols, but the keys are different. Class 3 got 25 stickers and Class 4 got 50 stickers.
	b) Class 4
	   Class 3: $24 \times 5 = 120$ stickers
	   Class 4: $13.5 \times 10 = 135$ stickers
